### New Account Invoice Payment is Required

Completing a payment of an invoice for a Simplify or Accelerate package for new paid subscription accounts means payment has been submitted by the customer and received by The Giving Block:

Package Type	Bonus Amount
Simplify	\$1,000
Accelerate	\$2,000

Following completion of payment within the promotional period set forth above, as certified by The Giving Block's team at our discretion, The Giving Block will make a cryptocurrency donation to your organization equal to \$1,000 in value for a Simplify package, or \$2,000 in value for an Accelerate package. A client will be considered a new client of The Giving Block if at the time of signing up for a subscription they did not have an active subscription with The Giving Block.

### Distribution Process

Donations will be made in Bitcoin (BTC) or other commonly accepted cryptocurrency at The Giving Block's sole discretion. The amount of cryptocurrency distributed will be determined by the then-current USD value of such asset at the time of distribution. Exact value may vary slightly due to fluctuations in value during the donation process.
